

PTSP- (Primary Talent Search Program):-

Under the dynamic leadership of Salim Patel along with six other experienced teachers, PMET has been running successfully the PTSP (Primary Talent Search Program) for the students of 6th, 7th and 8th Grades. The students who secure 80 % or more marks in their last exam are invited to take the Talent Search Exam.

OBJECT is to identify highly talented students of our community from primary level to save the talent being wasted and to nurture them to be prepared for highly competitive professional fields.

On an average 1200 students participate from 57 primary schools of Bharuch, Vadodara and Surat districts. Question papers are set by the expert committee members under the leadership of committed teachers like Salim Patel and Hanif Patel. PTSP exams are conducted at five different centers in Surat, Vadodara and Bharuch.

Last year 42 students qualified on merit base to receive Rs.1500 scholarship for each student (15 students from 6thGrade, 15 from 7thGrade and 12 from 8th Grade).The participants who achieved 50 % or more marks were given a token prize and certificate. 263 students were qualified for the school bags. Highly talented students are adopted in this scheme.

Salim Patel remains in touch with the selected students, their teachers and parents to monitor their progress in coming years.

In near future, we plan to adopt around 40 students and like GIFTED30 and CA scheme accommodate PTSP 40 students in hostel and provide them aggressive coaching so that we may get-good enrollment for GIFTED30 students from PTSP scheme.
