

Scholarships:-

Under the adoption scheme of PMET, students belonging to the financially challenged background and wishing to complete Degree, Diploma and Post-graduation courses, are given financial assistance so that they pursue their educational aspirations. PMET is happy to inform our well-wishers that 5948 large number of students took the advantage of scholarship scheme and earned their degrees in different fields of education and got employment in India and abroad. Without the support and generous help of well-wisher of PMET, this would not be possible. PMET would like to thank well-wishers and donors for extending their generous hands to support this scheme and hope that the same kind of support will be continued in coming years. During the year 2015-16, Total 425 students were given scholarship and prize distribution in the amount of Rs.16,75,500 to students covering various streams as follows:-

- A. Graduation**
- B. Post-Graduation**
- C. Engineering**
- D. Medical**
- E. CA and other Professional Courses.**
- F. Diploma Engineering**

Dr. GulAfsa –

This year a girl from Navsari GulAfsa Shaikh becomes Dr. GulAfsa. She comes from a very, very financially destitute section of society. She was fully sponsored by PMET well-wishers Dr. Tariq Akbar from USA and Lehri Family from Tankariya. She intends to do post-graduation in Gynecology.

Er. SaiyedManzurAlam –

Saiyed is a son of a watchman. He was in the PMET hostel since his school days. He has completed B.E. (CIVIL). After completion of studies, he got job in the company where his father is a watchman at Ankleshwar. He is, at present, working in a large construction company at Surat.

PMET encouraged ManzurAlam to do M.E. but because of financial condition of family he opted for a job. Throughout his stay at hostel all his expenses, college fees, lodging, boarding etc. were provided by PMET.
