OUR MISSION

To help students grow into proud, self-confident, self-respecting young men and women; and help they grow into responsible citizens through Islamic and academic educational guidance and financial assistance.

- To promote creative thinking
- To inspire and promote excellence in education
- To Build a better future for individuals, our state, our nation and our world.

OBJECTIVES:

- To provide Grass-root Educational and **Infrastructure** Facilities such as Hostel, Library and Computer Education.
- To **Provide Encouragement** and economic assistance to the needy students of community who possess outstanding academic achievement. (The Idea Behind providing such help is to prepare them for competitive examinations such as I.A.S., I.P.S., I.C.W.A., C.S., C.A., M.B.A. etc.)
- To disseminate various educational information and to carry out guidance and counseling activities.
- Proliferation of such activities for all-round development among students.
- To conduct in-service training programmes for primary and secondary teachers so that they can update their knowledge and improve upon to their teaching methods and techniques.
- To bring about a renaissance of education in our community.

Dear Patrons and Readers,

Assalamu Alaykum

Welcome to the PMET **2010-11,2011-12 Annual Report**. It is our utmost pleasure to inform you that the current year 2012 marks the 26th Anniversary of PMET's efforts to minimize backwardness in the field of education of Muslims in Gujarat. PMET was established with a view to **considering** education is **the only solution of myriad problems Muslims face**. With a very limited fund and resources, we started making efforts to encourage Muslim community to educate their sons and daughters.

Alhamdulillah, **efforts were paid back** and as a result, a considerable awareness and importance of education arose in the community. Now we see a **difference**. Graduates, **post graduates, doctors, engineers and percentage of female education increased**. Though there is much more to be done as Sachar Commission report shows.

From the beginning, we emphasized on qualitative education and **to prepare** the youth to stand in the same line with the main stream in the job market. We started different programs like **eloquence competitions** for primary students, drama competitions for high school students, educational guidance, prize distribution for the outstanding achievers, encouragement and material provided for the preparation of government scholarships.

With the great support of Munshi Family of Manubar, **we were able to build a hostel** in Surat to provide lodging and boarding **facility** for the students who come to Surat for higher education. **It was also the aim to provide Islamic atmosphere** to our students under one roof during the most important phase of their life to shape their character. **Their life is shaped** under the supervision of the team of young trustees. Students are encouraged to form the habit of reading the Qur'an after fajr prayer and to develop other Islamic habits in the light of the Qur'an and **hadith**. The founders envision honest, integrated, highly skilled future leaders with good moral character.

During past 26 years, we helped **several thousand boys and girls** under total and partial adoption schemes to finish their education. Still much more is to be done. Millions of Muslim families are struggling to provide better education to their children

as they are living under poverty line. Figures and facts disclosed in the Sachar Commission Report are eye opening about Muslims' condition in the field of education after 60 years of Independence.

Since last two years PMET launched a new program of adopting students for Chartered Accountancy **Program**. Students interested in the program are selected on merit and means. Entrance Test **is given** to decide the merit. Selected boys have to stay in PMET hostel and are totally adopted. **Due to limited means, logistics and other considerations, PMET is currently adopting girls staying in Surat city for C.A. program. With the grace of Allah and hardworking of boys and girls the C.P.T (1st stage of C.A.) was astonishing. PMET achieved 75% result compared to 25% all India result.**

We also make efforts to launch IAS COACHING PROGRAM to prepare students for the administrative fields of state and union governments. We face a great task to find suitable candidates for the program. We have decided **to saw** the seeds from the primary level under the guidance of Habib Badi (retired IAS).

Career Awareness Related Experience Program (CARE) was implemented to help students **to gain experience in their field of career** with little monetary help.

PMET got the letter of approval from State of Gujarat for a Public Library.

Finally I thank you for your unmatched generosity for the last 26 years. **Whatever PMET has achieved, in the field of education, could not have been possible without your support.** I appeal to continue to support the noble cause of education to uplift the Muslim community.

Sincerely,

Hifzurrehman Patel

President

Progressive Muslim Education Trust, Gujarat

SCHOLARSHIP FOR HIGHER EDUCATION

Under adoption scheme of our trust, students belonging to poor economic background and wishing to complete Degree, Diploma and Post graduation courses, are given financial assistance so that they can pursue their educational aspirations. We are happy to inform you that 3265 large number of students took the advantage of this scheme and earned their degrees in different fields of education. We would like to thank our well wishers and donors for extending their generous hands to support this scheme.

ADOPTION SCHEME

It is impossible for our community to compensate the loss resulting from the paucity of doctors and engineers. This scheme has been implemented for about the last twenty years. We have made the modest attempt in the direction of providing the bunch of doctors, engineers and pharmacists. We are happy to let you know that many such students have settled and progressed well in their fields after getting degrees. They are the big assets of our community,

Total Expenses of this adoption scheme is IRS. 14,06,520/- per year.

C. A. ADOPTION PROJECT;

Our survey revealed that Muslim Students in commerce branch were less interested in the challenging field of Chartered Accountancy. There are greater opportunities at the national and international job market. To be qualified as a C.A., one has to work hard and stand out at a national level. The result of the board is also usually 15% to 20% range. Our students were not prepared to face the challenge.

The PMET BOARD OF TRUSTEES decided to motivate and encourage our students to take up challenges in the field. We launched C. A. Adoption Scheme. Under the scheme, we invite applications from students who have secured 70% or more at the 12th Commerce, Gujarat Higher Secondary Board Exam. For the selection of adoption, **we give** them the Qualifying Test prepared by the experts in the field. The Qualifying Test is administered at Palanpur and Rander centers under the direct supervision of the trustees. Those who are **qualified in merit and means** are offered total adoption scheme. They are provided free lodging, boarding, coaching and tuition fee and other educational expenses. The total average expense per student per year is IRS 65000/-.

At present 15 students (boys) have been adopted for the program and they stay in the hostel and striving to be C. A. As we do not have the separate residential facility for girls, the board has decided to adopt the girls who live in Surat as pilot project for girls. At present 6 girls students have been adopted. They are given total educational expense. The total average expense per girl student per year is IRS. 45000/-.

PMET is thankful **Jay Chhaira** Coaching Center for being so generous to our request of concession in fees to students sponsored by PMET. Our students get almost 40% to 45% discount in fees. This helps us a lot as currently there are 22 students (boys and girls) get coaching at Jay Chhaira Coaching Center which is one of the best coaching **center** in Surat.

Jay Chhaira is also helpful to us in placing our students in good Chartered Accountant firms for the **three year article ship** (audit and taxation training) which is mandatory.

PMET is also thankful to Dawood Azad Saheb of UK who has adopted 5 CA students through Ali Adam Charitable Trust.

Bombay Patel Welfare Society "BPWS" is at the forefront, since the inception, and always helps PMET materially and morally. BPWS attributes funds to meet coaching expenses for CA students.

PMET adopted students results of last two years was much higher than the national average or city average. National CPT result for 2010 was 24% compared to PMET result 75%. The credit goes to hard work of students and right type of study environment they get at PMET premises.

CA being a national level examination and all subjects being in English; **we have arranges special classes to improve the language skill of students** who are mostly coming from Gujarati medium and need lot of training to adopt to new system.

We appeal to the well wishers and donors to adopt talented and needy students from your area and send them to the PMET to build their career. It will be a great service to the community, society and nation. Extend your generous hands to the PMET to make the project a great success.

ELOCUTION COMPETITION FOR PRIMARY SECTION

Sponsored by
Dilavar Vali Patel Dashanwala (Bolton, U.K.)

Every year elocution competitions for the students of Std. 5, 6 and 7 are organized at various places. The aim of the competition is to bring out hidden talents in students. It also aims at developing oratory skills and eradicating stage fear from them. It has been a noticeable increase in the number of participants. In order to accommodate the increasing number of participants, these competitions are organized in four zones namely Bharuch, Palej, Amod and Jambusar. Every year about one hundred thirty students take part in this competition. Every participant is given a consolation prize (School Bag) and those who are qualified for the final competition and the winners at district level competition are honoured with much coveted prizes.

At this point we take the opportunity to thank the teachers who took great pain and put hard work and great efforts to prepare the students.

The Subjects of the Zone Level Competition-2010-11 were.

- રોગને તાબે કરશો કે રોગને તાબે થશો
- વિજ્ઞાન: જીવનને સુખમય બનાવવાનું સાધન
- કુદરતી શક્તિ સામે માનવી વામણો

SEMINAR FOR THE PRINCIPALS: (JUNE 8, 2011)

In this age of competitions in every field, small and big companies and organizations train their employees, officials and workers through modern techniques and devices available for management. At this juncture, in the field of education, too, it is important to understand our students better, we take advantage of modern techniques to develop and sharpen the managerial skills of our principals, PMET organized a seminar at Munshi Complex, Bharuch. Kiran Gandhi, (Moral Re-Armament) a famous trainer in the field of management, and his team was invited for the seminar. Dr. Fatima Rashid, a famous Student Counselor from National Group of Schools, Mumbai provided very useful tips to understand our students and their problems. She offered that she is ready to provide her services to train teachers for Student Counseling. The Seminar was open (without any charge) for all the Principals of high schools of Gujarat.

GUJARAT GOVERNMENT SCHOLARSHIP EXAM

To prepare more talented students from our community “we catch them young”, we prepare students for Gujarat-state Government Scholarship providing them with Literature and guidance for it. To encourage them we award each successful student IRs. 100/- as consolation scholarship

DEENI TA'LIM

Along with academic education we made a provision for DEENI TA'LIM to preserve Islamic culture among the students. To make them understand the importance of Salah, Ibadath, Husne Akhlaq and other virtues we have appointed an experienced a'leem who teaches them Qur'an, Namaz and Necessary Basic Islamic education. The class is under the supervision of Darul Uloom Kantharia, Bharuch. The students offer five times Namaz punctually. During Ramadan taraweeh is also performed. Thus the students are provided Islamic atmosphere.

MANUBARWALA HAJI DAWOOD MUNSHI MEMORIAL HOSTEL FACILITY

Since 1992 the trust runs and manages the hostel facility for the students who come to Surat City for their education. The total hostel accommodates 50 students.

The selected-adopted students and all students selected on merit bases for the C.A. Program are given free lodging and boarding facility in the hostel. Other students are provided services of lodging and boarding at very subsidized rates. The trust bears the loss of about more than IRs. 300,000/- per year in hostel expenses.

The unique feature of the hostel facility is individual attention to every student about their progress in academic field and care is taken to cultivate Islamic character. Teaching of the Qur'an and other necessary Islamic education is given by a qualified Aalim after Maghrib salah every day. Congregational prayers are done in the hostel mussallah which is compulsory for every student to attend who are present in the hostel at the time. Occasional talks to guide the students are arranged by educationists and experts in different fields. The total development of every student is the mission of the trustees.

To inculcate discipline among boarders, they are not allowed to keep any electronic devices i.e. Mobile phone, laptop, I-pad etc. in their rooms. They may use such devices in hostel Computer Room or Library.

Special coaching classes are conducted to improve English language. Students have access to Computer facility in the hostel premises. Recently the Govt. of Gujarat has granted a Library facility in PMET premises. This will give ample opportunity to boarders to have access to variety of reading material. Currently PMET can't accommodate more than 50 students in the hostel and there is a good demand from all over Gujarat. We are looking for bigger premises with a capacity of accommodating more than 150 students. Make Duaa that the project is realized in the greater interest of the community.

Effective Living and Leadership for Educators at MRA, Panchgani

Progressive Muslim Education Trust has taken a revolutionary initiative by sponsoring 4 educators from Bharuch district at “Educators conference” known as effective Living and Leadership for educators at Moral Rearmament Center Panchgani, Maharashtra. The conference was from 08-05-2012 to 12-05-2012 for five days.

The 4 educators

- (1) Mr. Patel Jahangir Ismail (Principal, The Nabipur Sarvajanik High School, Nabipur)
- (2) Mr. Patel Sajid Yakub (English Teacher, The Sarvodaya High School, Valan)
- (3) Mr. Shakil Ahmed A. Somara (English Teacher, Kamboli Madhyamik Shala, Kamboli.)
- (4) Mr. Aiyub Valibhai Patel (English Teacher, The Machhasra High School, Machhasra)
- (5) Mr. Jabir Choksi (P.M.E.T. Representative)

The main purpose of this conference is developing high moral qualities & professional ethics. About 100 educators from the nation were collected and they were guided by highly qualified & professional faculties from different specialized fields. According to the opinion given by the 4 educators they are greatly benefited through this conference. This is just a beginning of a revolutionary step by which P.M.E.T. wants to develop good leadership qualities with high morals & ethics in our community.

UPSC/GPSC EXAMS

From the very day of its establishment, the PMET has strived for the competitive and qualitative education. The Muslims' poor representation in the very important field of administrative and allied services at the centre and state level is the matter of great concern. The trust decided to bring awareness in the community and to encourage our youth to make efforts in that direction. With this purpose, the trust organized a seminar while founder trustees Muhammad Patel and Yusuf Lat were on their visit to India.

The director of IAS and Allied Services Coaching and Guidance Cell of Hajj Committee of India, Mr. Prof. S.A.M. Hashmi and Mr. Habib Badi (retired IAS Officer) were invited

as key-note speakers and resource persons. Principals and teachers of High Schools and Primary Schools, educationists and well wishers of PMET took part in the seminar. Mr. Hashmi gave a detailed explanation of the system and syllabus of the UPSC EXAM and assured that it's not as difficult as it is considered. Only systematic study and devotion of time can bring positive results and gave the examples of successful Muslim candidates. He also gave an overview of the selection procedure and facilities provided by the Cell of Hajj Committee of India at Bombay and assured for their full support to the PMET. Mr. Habib Badi explained in his talk to bring awareness among our youth, we should sow a seed in the minds of our students from very early stage. He suggested that guidance programs should be held for the students of 9th and 10th grades and encourage them to form the habit of extensive reading and making the use of libraries.

As a follow of work, we organized two sessions of guidance programs for those grades' students. One at Piperdiwala English Medium School, Rander, on 18/12/2011 in which students from various Muslim Schools participated. The second one was held at M.A.I. High School of Kholwad, on 22/12/2011 in which students from Muslim schools of the area participated. InshaAllah, in coming days, such more guidance programs will be held in Bharuch District. Much work is to be done in this field. Make duaah that May Allah (SWT) give us strength to make sincere efforts in the direction to do follow up work from time to time. Well wishers and donors are requested to make the Project successful.

Mawlana Fazlur Rahim - a Vice Chancellor of Jamia Al Hidayah, Jaipur, was a chief guest for PMET's 2010-2011 annual programme. Under the leadership of Mawlana Fazlur Rehman Civil Services coaching classes are conducted at Delhi. He has also assured us to adopt some students proposed by PMET for UPSC examination.

We sent twice around 15 candidates to Hajj house for the selection. One was selected after succeeding in various tests; unfortunately he changed his mind and did not avail the opportunity;

Dawood Azad of UK has promised to adopt 5 candidates for Civil Services examinations. However, as we did not find any candidate so far Mr. Azad was kind enough to contribute funds for Chartered Accountancy project.

Medical Assistance Programme for the poor and the needy

As you know medicines and medical services are very expensive and many common people cannot afford the necessary medical services or life saving medicines. The board of the PMET has decided to sanction **IRs. 2,00,000/-** per year for this program. Under this program, vouchers are issued to buy the prescribed medicines from the medical store. Full or parts of the in-patients bills are paid. We deposit the money with the Mulla and Lokhat Sarvajanik Hospital and Zainab Memorial Hospital for the purpose.

Dr. Yusuf U. Patel Administers this program. He issues the vouchers to buy the prescribed medicines or to pay in-patient hospital bills after checking the eligibility and the needs of the patients. We thank Dr. Yusuf U. Patel for his services and time.

The program is very essential for the poor and needy sick people. We appeal the donors to extend your generous hands to meet the growing demands for the program. Zaqat fund could be donated for the program.

OUR FUTURE PLANS

To meet the growing demands of computing skills in every kind of job, the Board had decided to develop a full computer facility. So we can train and help our students develop various computing skills at a lower cost to make them more marketable in the job market. It is the great need of the hour. By the grace of the all mighty Allah we fulfilled this necessity of the society by the help and support of our well wishers. The Computer Class was started with the dua of learned and enthusiastic Aleem Moulana Gulam Mohd. Vastanvi on 9 April, 2007 at Manubarwala Hostel, Rander. The educated and reputed persons of the society and the officials of various trusts blessed the programme with there presence.

We are also planning to provide training to our students in personality development and mastering effective interview techniques with the help of the experts in these fields. We also aim at providing coaching for U.P.S.C., G.P.S.C. and other recruitment exams for unemployed graduates. To minimize unemployment in our youth we decided to guide and help average students to join short term technical courses so that they may have more job opportunities in various fields.

Progressive Muslim Public Library

Gujarat government has given the permission for the Public Library. The library situated in the hostel premises.

CARE

(Career Awareness Related Experience)

Under this programme, students who have completed their studies and are facing problems finding jobs are placed in working environments of their respective fields to gain work related experience. During such training they get monthly allowance (stipend), free lodging and boarding from the trust.

MUHAMMED MUSA LAT AND IBRAHIM MUSA LAT MEMORIAL SCHOLARSHIP

Managed By

Progressive Muslim Education Trust, Gujarat

On behalf of Lat Family, Ismail Lat declares the scholarship of IRs. 50,000/- per year in the memory of Mohammed Musa Lat and Ibrahim Musa Lat. May Allah forgive them and place them in jannatul firdous and reward the family in both the worlds. Ameen.
